SAFETY DATA SHEET

1. IDENTIFICATION

1.1 Product identifier

Trade name: GLUEDEVIL RUST REAPER - CONVERTER & PRIMER

Product no.: 200ML - 50-RUST8933
500ML - 50-RUST8934
1LT- 50-RUST8935
5LT - 50-RUST8936

1.2 Relevant identified uses of the substance or mixture and uses advised against:

Product use: GLUEDEVIL RUST REAPER – CONVERTER & PRIMER is a primer and Rust killer all in one. The ultimate solution for quickly and effectively transforming rust into a protective primer on iron, metal or steel surfaces, preventing further corrosion on metal structures, equipment, boats, trailers, vehicles and more.

USE STRICTLY IN ACCORDANCE WITH THE INSTRUCTIONS ON THE PRODUCT LABEL

1.3 Details of the Supplier of the safety data sheet:

Company: NATIONAL ADHESIVE DISTRIBUTORS
93 Goodwood Road
Mahogany Ridge
Westmead
3608, KZN

Contact: (031) 464 0273

1.4 Emergency telephone number: 082 903 2746

2. HAZARDS IDENTIFICATION:

2.1 Classification of the substance or mixture:

NATIONAL ADHESIVE DISTRIBUTORS (PTY) LTD

Reg No.: 2021/976762/07 VAT No.: 4370194633

Head Office:

Durban

Environment – May have short-term effects on the environment

Skin – No hazards expected, but avoid direct contact where possible.
Inhalation – Possible traces of free monomer which can be irritating to the respiratory system.
Eyes – May cause irritation. Avoid contact with eyes.

2.2 GHS Label Elements:

This product is classified and labelled according to the Globally Harmonised System (GHS).

GHS 09

- Signal word:** Danger
- Hazard Statements:** May have short-term environmental effects
- Other hazards:** None

Precautionary Statements:

Follow instructions provided on packaging.
Understand all safety precautions and instructions before attempting to use the product.
Wear protective gloves/goggles/clothing.
Ensure sufficient ventilation.

3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Ingredients:

NATIONAL ADHESIVE DISTRIBUTORS (PTY) LTD

Reg No.: 2021/976762/07 VAT No.: 4370194633

Components:	%	CAS NO:
2-Butoxy Ethanol	< 12	111-76-2
Vinylidene dichloride binder	10-20	Proprietary
Tannins	3	1401-55-4

EEC Classification

Water based polymer dispersion EC Classification.

Not classified as hazardous.

4. FIRST AID MEASURES

4.1 Description of first aid measures:

Inhalation:

Move to well-ventilated area. Loosen tight/restrictive clothing. If breathing is difficult administer oxygen. If needed perform resuscitation. Consult a medical professional.

Skin contact:

Thoroughly wash skin with non-abrasive soap under running water. Repeated use of the product may cause irritated/dry skin. Cover Irritated/dry skin with emollient. If irritation persists, seek medical attention.

Eye contact:

Flush the eye for several minutes with water. Seek medical attention if symptoms arise.

Ingestion:

Wash mouth with water. Do not induce vomiting without medical advice.

Never give anything by mouth to an unconscious person.

If symptoms persist, seek medical attention.

5. FIRE-FIGHTING MEASURES

5.1 Suitable extinguishing media: Dry chemical, CO₂, or alcohol-resistant foam.
Product is not flammable – use an extinguishing media suitable for the surrounding fire.

Unsuitable extinguishing media: Water jets/spray.

5.2 Special hazards arising from the substance or mixture:

In the event of a fire, hazardous gases such as carbon dioxide (CO₂), carbon monoxide (CO) and nitrogen oxides (Nox) may be released. Avoid inhalation of vapours/fumes/gas.

5.3 Advice for firefighters: Fire fighters should wear self-contained breathing apparatus and full protective clothing as needed for protection from heat and airborne combustion products.
Use water to cool equipment, surfaces and containers exposed to fire and excessive heat.
For large fires the use of unmanned hose holders or monitor nozzles may be advantageous to further minimize personnel exposure.

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures:

Avoid direct contact with eyes and skin. Ensure adequate ventilation in the working area. Use personal protective gear if necessary. Always stay upwind of a spill/leak.

6.2 Environmental precautions:

Prevent entry to sewers and public waters.
Notify authorities if liquid enters sewers or public waters.

Avoid contamination of ground.

6.3 Methods and material for containment and cleaning up:

Large spill: Contain the spill/leak as much as possible. Use an inert absorbent material such as sand, sawdust or silica to soak up the spill. Pick up and dispose of the product in accordance with local regulations.

Small spill: Smaller spills can be cleaned with a mop. Use water and a cleaning solution.

7. HANDLING AND STORAGE

7.1 Precautions for safe handling: Read and understand the instructions before attempting to use the product.
Avoid contact with eyes.
Use protective clothing, gloves and goggles to ensure protection.
Ensure adequate ventilation when using the product.
Wash hands and clothing after use of the product.
Do not eat, drink or smoke while using the product.
Keep away from children and animals.
Keep product properly sealed in container after use.

7.2 Conditions for safe storage, including any incompatibilities:

Store in a cool, dry place away from direct sunlight or heat sources.
Keep product away from alkaline and reactive substances.
Keep away from children.
Keep away from food items.

8. PERSONAL PROTECTION / EXPOSURE CONTROLS

8.1 Control parameters

SAMPA Rating: 4-H-C

PPE: Eye protection as necessary.

Inhalation: In case of insufficient ventilation, use respiratory protection.

Skin: Avoid contact with skin as much as possible. Wash hands after use of product and do not touch eyes/face with dirty hands or gloves.

Ingestion: Wash hands before eating, drinking or smoking. Use protective clothing/gloves.

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties:

Chemical class:	Water-based paint
Appearance:	Cream-coloured, opaque liquid
Odour:	Mild odour
pH:	1.5 - 3
Boiling point:	No information available
Flash point:	No information available
Flammability limits (%):	No information available
Explosive properties:	No information available
Density:	1.08
Solubility water:	Water miscible

10. STABILITY AND REACTIVITY

10.1 Reactivity:	None under normal conditions.
10.2 Chemical stability:	Stable under normal storage conditions and recommended use.
10.3 Possibility of hazardous reactions:	Under normal storage and usage conditions, no hazardous reactions will occur.
10.4 Conditions to avoid:	Keep away from alkaline and reactive substances. Keep away from excessive temperatures and heat sources.
10.5 Incompatible materials:	Alkaline and reactive substances.
10.5 Hazardous decomposition products:	No information available.

11. TOXICOLOGICAL INFORMATION

11. 1 Acute Toxicity

Skin sensitisation: May cause some mild skin sensitisation

Eye sensitisation: No information available

Respiratory sensitisation: No information available

Carcinogenicity: No known carcinogenic effects

Germ cell mutagenicity: No known mutagenic effects

Reproductive toxicity: No known reproductive effects

Specific Target Organ Toxicity (STOT) – Single Exposure: No information available

Specific Target Organ Toxicity (STOT) – Repeated Exposure: No information available

12. ECOLOGICAL INFORMATION

12.1 Eco Toxicity

May have short-term environmental effects – contain, monitor and remove.

12.2 Persistence and Degradability

No available data.

12.3 Bioaccumulative Potential

No available data.

12.4 Mobility

In soil: No available data.

In water: Product is soluble in water

12.5 PBT and vPvB Assessment

NATIONAL ADHESIVE DISTRIBUTORS (PTY) LTD

This product is not identified as a PBT/vPvB substance

13. DISPOSAL CONSIDERATIONS

Disposal operations:	Whatever cannot be saved for recovery or recycling should be handled according to current local waste disposal legislation. Do not allow product spillage to enter drains/sewers/any public waters. Hardened product can be disposed of in land-fill sites by licensed contractors.
Waste code number:	08 04 09
Disposal of packaging:	Dispose of as normal industrial waste.
NB:	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal. Product can be removed from sewage by chemical flocculation.

14. TRANSPORT INFORMATION

14.1 Road/Rail (ADR/RID); Sea Transport (IMDG); Air Transport (IATA):

UN no.: N/A
EA Code: N/A
Packing Group: N/A
HAZCHEM Code: N/A
IMO Class: N/A
KEMLER: N/A

15. REGULATORY INFORMATION

15.1 Labelling

Not classified as a hazardous product.

NATIONAL ADHESIVE DISTRIBUTORS (PTY) LTD

Safety Phrases:

S2 – Keep out of reach of children

S13 – Keep away from food, drink and animal feed

Precautionary Statements:

Ensure sufficient ventilation.

In case of insufficient ventilation, use respiratory protection.

Keep away from children and animals.

Make use of personal protective gear.

Do not eat, drink or smoke when using the product.

15.2 Chemical Safety Assessment

A chemical safety assessment has not yet been performed for this product.
